General Data Protection Regulation (GDPR)

This piece of legislation comes in to force on the 25th May 2018. The GDPR regulates the processing of personal data, and protects the rights and privacy of all living individuals (including children), for example by giving all individuals who are the subject of personal data a general right of access to the personal data which relates to them. Individuals can exercise the right to gain access to their information by means of a 'subject access request'. Personal data is information relating to an individual and may be in hard or soft copy (paper/manual files; electronic records; photographs; CCTV images), and may include facts or opinions about a person.

For more detailed information on these Regulations see the Data Protection Data Sharing Code of Practice (DPCoP) from the Information Commissioner's Office (ICO). Please follow this link to the ICO's website (www.ico.gov.uk)

Responsibilities under the GDPR

Abraxas Catering Equipment Ltd will be the 'data controller' under the terms of the legislation – this means it is ultimately responsible for controlling the use and processing of the personal data. We have appointed a Data Protection Officer (DPO), currently the Managing Director who is available to address any concerns regarding the data held by Abraxas Catering Equipment Ltd and how it is processed, held and used.

The Senior Leadership Team is responsible for all day-to-day data protection matters, and will be responsible for ensuring that all members of staff and relevant individuals abide by this policy, and for developing and encouraging good information handling within the company.

Compliance with the legislation is the personal responsibility of all members of the Company who process personal information.

Individuals who provide personal data to Abraxas Catering Equipment Ltd are responsible for ensuring that the information is accurate and up-to-date.

Data Protection Principles

The legislation places a responsibility on every member of staff to process any personal data in accordance with the eight principles. More detailed guidance on how to comply with these principles can be found in the DPCoP. Please follow this link to the ICO's website (www.ico.gov.uk)

In order to comply with its obligations, Abraxas Catering Equipment Ltd undertakes to adhere to the eight principles:

1) Process personal data fairly and lawfully.

Abraxas Catering Equipment Ltd will make all reasonable efforts to ensure that individuals who are the focus of the personal data (data subjects) are informed of the identity of the data controller, the purposes of the processing, any disclosures to third parties that are envisaged; given an indication of the period for which the data will be kept, and any other information which may be relevant.

2) Process the data for the specific and lawful purpose for which it collected that data and not further process the data in a manner incompatible with this purpose.

Abraxas Catering Equipment Ltd will ensure that the reason for which it collected the data originally is the only reason for which it processes that data, unless the individual is informed of any additional processing before it takes place.

3) Ensure that the data is adequate, relevant and not excessive in relation to the purpose for which it is processed.

Abraxas Catering Equipment Ltd will not seek to collect any personal data which is not strictly necessary for the purpose for which it was obtained. Forms for collecting data will always be drafted with this in mind. If any irrelevant data are given by individuals, they will be destroyed immediately.

4) Keep personal data accurate and, where necessary, up to date.

Abraxas Catering Equipment Ltd will review and update all data on a regular basis. It is the responsibility of the individuals giving their personal data to ensure that this is accurate, and each individual should notify the company if, for example, a change in circumstances mean that the data needs to be updated. It is the responsibility of the company to ensure that any notification regarding the change is noted and acted on.

5) Only keep personal data for as long as is necessary.

Abraxas Catering Equipment Ltd undertakes not to retain personal data for longer than is necessary to ensure compliance with the legislation, and any other statutory requirements. This means Abraxas Catering Equipment Ltd will undertake a regular review of the information held and implement a weeding process.

Abraxas Catering Equipment Ltd will dispose of any personal data in a way that protects the rights and privacy of the individual concerned (e.g. secure electronic deletion, shredding and disposal of hard copy files as confidential waste). A log will be kept of the records destroyed.

- Be told the nature of the information the company holds and any parties to whom this may be disclosed.
- Prevent processing likely to cause damage or distress.
- Take action to rectify, block, erase or destroy inaccurate data.
- Request that the Office of the Information Commissioner assess whether any provision of the Act has been contravened.

Abraxas Catering Equipment Ltd will only process personal data in accordance with individuals' rights.

This policy also applies to staff who process personal data 'off-site', e.g. when working at home, and in circumstances additional care must be taken regarding the security of the data.

8) Ensure that no personal data is transferred to a country or a territory outside the European Economic Area (EEA) unless that country or territory ensures adequate level of protection for the rights and freedoms of data subjects in relation to the processing of personal data.

Abraxas Catering Equipment Ltd will not transfer data to such territories without the explicit consent of the individual.

This also applies to publishing information on the Internet - because transfer of data can include placing data on a website that can be accessed from outside the EEA - so Abraxas Catering Equipment Ltd will always seek the consent of individuals before placing any personal data (including photographs) on its website.

Abraxas Catering Equipment Ltd will provide a clear and detailed privacy statement prominently on the website, and wherever else personal data is collected.
